SHOCKING SUICIDE.

A Poverty Stricken Stone Mason Cuts His Throat,

Early yesterday yesterday morning a German named Michael Aenseatler committed suicide at the Union Depot, by cutting his throat in a terrible manner. The deceased was a stone mason by trade, had been in the country about a year, and came from Carleslie, Pa., where he has been living since April last. He was thirty-five years of age, and had a family consisting of a wife and three children, one a little girl about five years old, and two infant twins, a boy and a girl, about fifteen months old. The wife has also a daughter, about nineteen years old, by a former husband.

The deceased man has been sick with fever and ague for the past five or six months. He was poor in circumstances before his sickness and his continued ill health, preventing his working steadily, reduced him and his family into absolute destitution. They had no relatives in Carlisle, but seem to have had kind neighbors, and with their assistance and what the step daughter could obtain for washing, the family was supported.

Recently Aenseatler received a letter from a sister living in Columbus, Ohio, urging him to bring his family on to that place, as she thought he could do better there than in Carlisle. He resolved to take her advice, and prepared for the journey. He left Carlisle on Friday, accompanied by his family and a neighbor named Hahn, who had befriended the unfortunate family, and who accompanied them, with a part of his own family, for the sake of companionship. The party remained at Altoona over Sunday. At that place Aenseatler obtained passes for himself and family to this city. The party came on Monday, arriving here about eight o'clock last evening.

For the past month, Mr. Hahn states, Aenseatler has not seemed altogether in his right mind, having been, apparently, a good deal unsettled by his poverty and sickness. Since leaving Carlisle he has said repeatedly that he was sure he should not reach Columbus; because there was somebody after him who would be sure to carry him off. Twice on Friday, Mr. Hahn says, he prevented deceased from jumping off the train, and again last evening, while on the way to this city.

The party remained Monday night in the Depot waiting room, and Aenseatler seemed to sleep very comfortably. At about five o'clock yesterday morning he got up, and asked Mr. Hahn to show him to a closet. He went into one at the rear of the Depot building. At length his wife became somewhat uneasy at his long absence and went to seek him. She found him in the closet with his throat cut, and the blood streaming from the wound. She screamed, and officers Cotton and McMullen, and Mr. Hahn ran to the place. The wretched man was still living when they reached the place, but did not speak. He lived only long enough after being found to gasp two or three times. Dr. Hamilton was sent for, but before he could arrive the man was dead. Such a spectacle as he presented is not often paralleled. His head was thrown back and a huge wound extending almost to the spine, and wide enough to admit a large hand, yawned horribly. It is not known what weapon was used by the suicide, though it is supposed to have been a razor. Whatever it was he probably threw it down the vault, as nothing was found.

Coroner West was summoned and held an inquest on the remains. The testimony of Mr. Hahn and Officer Cotton was taken and the facts already stated were elicited. A verdict of death by suicide was rendered. The body was coffined by Mr. L. Beinhauer, of Grant street, and was removed to his establishment, whence it was taken yesterday afternoon to the Uniondale Cemetery for interment.

The family of the suicide is left utterly destitute. The wife and the daughter decided that it would be best for them to go back to Carlisle, where they are acquainted and where the daughter says she can get plenty of work.

A collection was taken up among the depot attaches and officials and a small sum raised for the unfortunate family.

THE BALLOT BOX TO BE PROTECTED.

Election Supervisors to be Appointed

The Liberals of this county propose making an application shortly before Judge McKennan, of the United States District Court, for the appointment of Supervisors in the different election districts of the county at the approaching elections. The application will be made under the provisions of the act of Congress, passed two or three years since, and which was amended by an act approved June 10, 1872. The act provides that upon the application of any ten citizens of a county or parish in which representatives to Congress are to be elected, or to a circuit Judge of the United States, the judge shall appoint two supervisors, from different political parties, for each county, parish, election district or voting precinct, who shall be authorized to be present with the election officers during the time votes are being received, as well as while the votes are being counted and a return of the same made out. The Liberals claim that under their construction of the act ten citizens of the county can have supervisors appointed for every district in the county, while their opponents claim that it is requisite to have ten citizens in each district to apply to the Court for the appointment of such officers in their particular ward or precinct. Judge McKennan will be in the city next Saturday, and it is probable the application for the appointment of supervisors will be made on that day.

BETTING ON HARTRANFT.

Where the Money Comes From—The the Ring-masters Furnishing the "Spons"—Bluffing and Betting on the Doomed Due-Bill Candidate.

For some time past the Ring organs in this vicinity—notably the *Dispatch*—have been trying to put a good face on the Hartranft affair by betting that the majority of the Due-Bill candidate in the Western counties will exceed that of Stanton in 1871. The game is purely a bluff operation, and intended to impart confidence to the wavering and make the people believe they have a sure thing on the I.O.U candidate. $5,000 of the people's money have been checked into this district, but judge of the consternation of the treasury cliques when they discovered that not only were the offers to bets largely "covered," but that they could be accommodated by Buckalew's friends to any extent. If the Republican State Committee have any more loose change than they know what to do with Mr. Kennedy, of 165 Liberty street, will be happy to accommodate the treasury leeches to any reasonable amount. As the Mackey-Yerkes Hartranft-Cameron-Ring, have made the issue, let them "put up or shut up."

Sudden Death.

Yesterday afternoon a man named Patrick Carney, who boards at No. 44 Cherry street, went out to the mill of Reese, Graff & Co., and offered his services to one of the men to "work off a heat" at one of the furnaces. After working a short time at the furnace he was observed to fall down, and on examination it was discovered that Carney was dead. An inquest was held and the singular verdict rendered of "Death from heart disease, superinduced by overheating."

Suicide.

Yesterday morning the dead body of a man named August Wolf was found hanging in his room at Negley's Run. Deceased was employed at an oil refinery at the place named. Some time since, it is stated, he entered into a speculation on a small scale. The transaction resulted disastrously for him, and he was a loser to the amount of $500. This loss, it is said, preyed deeply on his mind, and he has been very low spirited ever since. This, it is supposed, was the cause of the fatal deed. At all events, no other cause is known. The unfortunate man, was quite dead, and had probably been so some time. Phillips was notified and telegraphed to Coroner West, who went out and held the inquest, and rendered a verdict in accordance with the facts. The deceased was a German.

BARD, the ex-rebel, is received with open arms by the intensely "loyal" people of this city. If a rebel should come up here to speak for the Liberals we should never hear the end of the "gnawing and gnashing of teeth."

VENANGO CO.

The Anti-Grantites Active—Grant Men Who Cannot Stomach the Due-Bill Candidate.

FRANKLIN, Pa., August 26, 1872.

To the Editor of The Post:

The Liberal cause in Venango county is progressing. Some of the purest and best men in the county are in the movement. Old time abolitionists such as Dr. Gillett, Hon. S. P. McCalmont, Messrs. Geo. S. King, J. H. Smith, E. R. King, Alex. Cochran, and very many young men who were formerly active in the cause of Republicanism are now working for the Liberal cause. They are not half way about it either, they are just as earnest for Buckalew as for Greeley. A number of the first men in the Grant party who are sincere in thinking Grant should be re-elected, are going to vote for Buckalew. They are satisfied of Hartranft's dishonesty or utter incapacity; and remember that our oil interests are seen to have as heretofore, not only utter neglect, but *ring* legislation that will in time destroy it, if such notorious men as Hartranft and Allen are at the head of your State Government. In Oil City and Rouseville our friends are active. Wm. L. Lay and Chas. W. Owstin both oil men are working hard in Oil City, and actively assisted by David Strutt, Isaac Ash and others of the leading lawyers and business men of that very busy city of oil. John P Zane and Richard Owen, both members of the Liberal Committee of Venango county, are active in Rouseville. Petroleum Centre promises they will not be behind. All over old Venango we are getting into line. More anon.

FRANKLIN

The Twenty-Fifth Senatorial District.

UNIONTOWN, August 24, 1872.

To the Editors of The Post:

Your remarks in this morning's paper in reference to the Senatorial squabble in this district were well received here, and many indulge the hope that they will not be without their influence upon both the contestants. Messrs. Playford and Pauley are both estimable gentlemen, and have heretofore been good Democrats, and it is to be hoped that no overanxiety to occupy a seat in the Senate will induce either of them to contribute to have that seat occupied by a Radical.

People are becoming annoyed at the persistency of both candidates, and are asking whether, indeed, either of them—or, indeed, both together—are worth the cost of throwing away the district. If the candidates or the conferees cannot settle the question among themselves, the State Committee ought to take hold of it and recommend a candidate who will be acceptable to the people generally.

The man who will be sufficiently magnanimous to sacrifice his own aspirations for the good of the cause, will build for himself a reputation in these two counties which he will find useful in years to come.

ANTI-CAMERON.

Name Your Men.

Messrs. Editors:

You call, I see, for names of Democrats who will vote for Grant. I will give you a few. Col. W. M. Linn, Captain ——, ——, of the marching brigade, and many others that I cannot think of at present. Now name your Republicans who will vote for Greeley. STRAIGHT-OUT.

[Now there is a starter for the ring organs. Let them commence with the list and we will give the names of five Republicans who will vote for Greeley for every one Democrat that will vote for Grant; and ten Republicans who will vote for Buckalew for every one Democrat that will vote for Hartranft.—ED.]

PITTSBURGH PRODUCE MARKET

OFFICE OF THE PITTSBURGH POST, THURSDAY, August 29, 1872.

REMARKS—The market since our last review has undergone but few changes worthy of notice; generally speaking sales were confined to lots merely sufficient to meet the current wants of the market. In regard to produce the supply was fully up with the wants of the trade. In green truck the supply is largely in excess of the demand; the result was prices ruled very low. Flour—The market was steady; as relates to prices we have no alteration to note; holders decline to make any further concessions in order to effect sales; they prefer holding on and taking the chances; the principal inquiry was for choice brands for home purposes; the mills have a good supply of wheat on hand and are running to their full capacity. Eggs—The market has stiffened up and holders are asking an advance for fresh ones. Butter—The bottom has been reached and holders are decidedly firmer in their views, whilst for strictly prime lots an advance is demanded. Grain—The demand for wheat is improving; as yet no change has been adopted; the receipts are on the increase; old wheat is scarce, being held by a small number of dealers.

The following are the receipts of the leading articles of produce since our last:

Flour, bbls	820
Barley, sacks	113
Corn, sacks	855
Oats, sacks	1,276
Cheese, bxs	95
Butter, packages	21
Bacon, tcs	51
Apples, bbls	334
Rye, sks	170
Wheat, sks	1,700

The following are the wholesale prices unless otherwise noted; from store in a small way the usual advance was obtained.

GROCERIES—This being the dull season the market was a quiet one, being entirely devoid of activity. Coffee remains dull. Other articles remain as last quoted. The leading houses are making extensive preparations for the fall trade. The current rates are as follows:

COFFEE—Fancy 24½c; prime 23½c; good 22½c; fair 22c; roasted 25c.

SUGARS—Granulated 13¼c; crushed 13c, powdered 13¼c; "A" coffee 12c; B 11¾c; extra C 11¾c; circle C 11¼c; Chesapeake extra C 11¾c; Knight's extra C 10½c; C yellow 9¼c.

SYRUPS—Fancy drips 70c; white choice syrups 65c; good 55c; fair 50c; common 35 a40c; blackstrap 25c.

MOLASSES—Stock of New Orleans almost exhausted; choice may be quoted at 85c; prime, 80c.

RICE—Carolina, 9¼a9¾c; Rangoon, 7¾a8c; Patna, 8 to 8¼c.

BACON AND PROVISIONS—The firmness we have before noted has been maintained with an active trade at the following rates: Hams sugar cured, 17c; shoulders sugar cured, 11c; plain, 8¾c; rib sides, 11c; clear rib sides, 11½c; clear sides, 12c. Breakfast bacon, 14c. Dried beef, 20c. Mess pork, $16 00. Lard in tierces, 10c; kegs, 10¾c; buckets, 11¼c per pound.

POTATOES—steady at $1 75a2 00 per barrel.

HAY—Scarce and sells readily at former quotations.

POULTRY—Steady; spring chickens 5a60c per pair.

APPLES—Are a drug, there being no fixed prices; sales are now reported firm at 75c to $1 50 per bushel.

ASHES—The market since our last has undergone no quotable change; the current rates are: Soda ash, common, 48c, per cent, 4¾a5c; refined, 48 per cent, 5a6¼c; nitrate 5c; arsenic 8½c; spar 2½a2c; potash 10c; pearl 11a14¼c.

ALE—In good supply with a fair trade demand; we quote India ale at $11 00 per barrel; 550 half barrels X ale $9 00; half $4 50; XX ale $10 per barrel; 500 half barrels porter $11 per barrel; 550 half barrels with paper packages extra.

BUTTER—The market was quiet; prices, however, are without change in value; the supply keeps pace with the demand, with sales of prime to choice at 16 a18c per lb; gilt edged 19a20c; common to fair 10a12c per lb.

BEANS—We can report a supply fully equal to the demand; prices are lower with sales at $2 50a3 00 per bushel; the better for small quality.

COAL—The supply of course is ample; the current rates are lump 9a10c; nut 7a8c; slack 4½c per bushel delivered.

CHEESE—Market steady at the advance as we have before noted; we quote Dairy at 11a17½c; Factory 12a12¼c; Goshen 13a13½c; Switzer 14a16c.

CARBON OIL—The market contained an abundant supply this week, but no lower; we quote standard brands at 19a19½c per gallon; store lots in a small way at a fraction more.

CONCENTATED LYE—Unchanged and selling at $5 50 per case.

COUNTRY LARD—Is selling at 8¼a9c per pound.

EGGS—As before noted and fresh eggs are selling at 17a18c per dozen, old stock not wanted.

FLOUR—The market was not an active one; the sales generally were for home purposes; buyers have made up their minds that prices have not yet touched bottom, hence they are purchasing accordingly. We quote spring wheat new at $7 50a8; new red winter $8 25a8 50, old choice $8 75.

GRAIN—The market continues quiet; dealers are taking hold sparingly. Wheat is unchanged; the mills are well stocked and are not purchasing; we quote fair to prime red at $1 60a1 65; choice $1 68; amber $1 70, Oats are in fair demand but unchanged; sales new at 36a38c; old 40a42c per bushel. ALLEGHENY LIVE STOCK MARKET.

OFFICE OF THE DAILY POST, PITTSBURGH, Thursday, August 29, 1872.

CATTLE.

The receipts of cattle by the different railroads footed up some twenty-three cars, or about four hundred and fourteen head. In addition to those the number from Washington, Beaver, Butler and Mercer counties, driven in by the different roads, amounted to fully three hundred head, making a total of seven hundred and fourteen head on sale on Monday morning. In point of quality the offerings were principally poor, in fact fewer good to extra were offered than we have seen for a long time. Butchers who kill good cattle were evidently unable to suit themselves with stock, and we heard several declare that there was not a good bullock on sale. The offerings of stock of a medium grade were fair, though the bulk were cattle of a very common kind. Trade opened up slow at about half past six o'clock, but before an hour had passed, butchers became aware that good cattle were scarce and trade became more lively at about last week's figures. All the good cattle were sold by nine o'clock. Trade in the medium grades ruled pretty solid, butchers complaining of dull markets, and wanting to buy at lower figures; holders, however, succeeded in working off the supply at prices about the same as last week. Common cattle were in large supply, but butchers were slow about taking hold. In fact several lots were withdrawn from the market and sent to East Liberty, owners being unwilling to sell here at the prices offered. At noon trade was dragging slow with prices the lowest of the season. On the whole the market was good on the best grades of cattle, and very bad on common, with several lots left over unsold.

PRICES.

Following are the prices at which the different grades sold: Extra, 1,400 lbs steers, fine and smooth, $6 10 to $7 25; extra, 1,300 lbs steers, fine and smooth, $7; prime 1,200 lbs steers, fine and smooth, $6 50 to $6 75; good, 1,100 lbs steers, fine and smooth, $6 10 to $6 35; fair, 1,000 lbs steers, fine and smooth, $5 50 to $5 75; common steers, fine and smooth, $4 50 to $5 50; bulls, fine and smooth, $2 to $2 50; cows, fine and smooth, $2 50 to $4; roughs, all weights, $2 50 to $4.

SHEEP.

The number of sheep and lambs on sale to-day was large, footing up fully 1,800 head. The quality of the sheep was bad and that of the common mixed, embracing everything from good to the worst kind. Trade rules fair on good lambs, but was bad on common lambs and sheep. The prices realized were a shade lower than last week. Good lambs averaging 70 lbs sold for $4 50 per head, and common sold as low as $1 40 per head.

PITTSBURGH LIVE STOCK MARKET.

OFFICE OF THE DAILY POST, THURSDAY, August 29, 1872.

CATTLE.

The receipts of cattle since our last report were not large both of through stock and that intended for sale here; business was not active; buyers appeared shy and are evidently waiting to see whether prices will be lower. The offerings of good fat cattle were limited; as usual they brought fair prices; common lots were dull and not easily disposed of. The following are the current rates for the market

Extra, 1,400 to 1,500 lb steers	$6 75a7 00
Prime, 1,300 lbs	6 50a6 75
Good, 1,200 lbs	6 25a6 35
Fair, 1,100 lbs	5 75a6 00
Fair, 1,000 lbs	5 25a5 50
Common	4 75a5 00
Roughs, all weights	3 50a4 25
Stockers	3 50 ——
Bulls	2 00a2 50
Heifers, &c	3 00a5 50

HOGS.

The receipts were fair, being fully up to the wants of the market; prices have been uniform; for some days we notice pretty large shipments to the eastern markets; Yorkers were not so plenty. Following are the prices current on the different grades:

Extra Philadelphia	$5 25a5 30
Prime Philadelphia	5 10a5 20
Good Yorkers	4 65a4 85
Rough Yorkers	4 50

SHEEP.

The run of sheep was a fair one; the demand, however, was only moderate; good fat sheep sold readily; all other kinds were hard to dispose of. The following are the current rates.

Extra 100lb sheep	$6 00
" 90lb "	5 85
" 85lb "	5 50
Good 80lb "	5 00

Want of Vitality.

If a deficiency of vital energy is not a disease in itself, it is a condition which lays the system open to the attacks of all conceivable maladies. Night and day we are surrounded more or less by deleterious influences. No atmosphere is entirely pure, no water utterly free from injurious particles; while in many localities both are positively unwholesome. What defence has the weak, languid system, in which the vital principles is deficient or dormant, against any of the morbid influences which produce epidemic and other diseases? None whatever. There is no safety save in artificial reinforcement. Hostetter's Stomach Bitters have, beyond all question, a vitalizing effect. If the nervous forces of the body have been recklessly expended in exhausting physical or mental labor, or dissipated in the indulgences of a "fast" life, this powerful vegetable tonic and corrective will restore them. If the defective vitality is a constitutional evil it can be remedied to a great extent by this wonderful invigorant. At a season of the year when the air is more or less impregnated with the seeds of periodic fevers, it is especially desirable that the digestion should be perfect, the habit of body regular, the liver active, the blood pure and the nerves firm. These conditions are the best protection against all disorders, and they are conditions which the Bitters are better adapted than any other medicinal agent to promote and secure. See to it, however, that no imitation or counterfeit is substituted for the genuine article, and let all who value health and have an antipathy to poison beware of the local bitters made from condemned drugs and vilely adulterated alcohol, which have sprung up like unwholesome fungi all over the country.

DR. KEYSER'S PRESCRIPTIONS.

In view of the many wants for trifling ailments, which are common in every community, and which have usually been supplied by patent or proprietary medicines, DR. KEYSER, at 167 Liberty street will put them up for any needing such medicines, at a trifling cost, and sure of affording relief.

There are at this time of the year numerous cases of Bowel and Summer Complaints, especially among children, which could be relieved by a timely resort to some appropriate remedy, such as Dr. Keyser would be able to furnish from his great Emporium, stored as it is with all the medicines which are known and used in the relief and healing of disease.

The multitude of patent medicines now in use have only been introduced to meet this manifest public want, and people in need of cheap medicines will find it of great advantage to have that want supplied by such a person as Dr. KEYSER, who is abundantly qualified, not only to furnish the best material, but to prescribe intelligently to all who may need such services. Dr. Keyser's office as above stated, at 167 Liberty street.
